

South Pasadena Educational Foundation

The mission of South Pasadena Educational Foundation (SPEF) is to support educational excellence in the public schools of South Pasadena. SPEF does this by raising funds to supplement the school district's budget and by operating enrichment programs for local students.

**SPEF Summer
Registration Opens
February 26, 2020
9:00 A.M.**

Register at:

<https://SPEF4kids.campbrainregistration.com>

Things to Know:

SPEF Summer High School is an independently operated Summer Program accredited by the Western Association of Schools and Colleges (WASC). Per the SPEF board and SPUSD board approved agreement, SPEF Summer courses use the South Pasadena High School (SPHS) facility and standards-aligned curriculum. Summer School is optional. Students do not need to take Summer School to graduate.

- Students should register based on the grade level they will be entering in the **Fall of 2020**.
- SPEF Summer High School is open to students who have completed 8th grade.
- Do not register for two classes in the same period.
- Students may not stay for brunch unless they have a session after brunch.
- You can log back in to add a class. To change or cancel a class you will need to contact the SPEF office.
- SPEF Summer High School instruction is compressed into an extremely short period. Each Summer School day is roughly equivalent to one week of instruction during the regular school year.
- Classes will be covering extensive course material daily and homework will be assigned.
- Summer School classes require a serious commitment.
- Payment to SPEF in full or commitment to pay by installment plan is expected at the time of registration. There are various payment options at registration checkout, including payment by credit card, cash and check. Contact SPEF if you need to set up an alternative installment plan.

REGISTER BY:		
MARCH 6	MARCH 20	APRIL 17
DEPOSIT AT REGISTRATION	DEPOSIT AT REGISTRATION	DEPOSIT AT REGISTRATION
INSTALLMENTS ON APRIL 3 MAY 1 JUNE 1	INSTALLMENTS ON APRIL 17 MAY 15	INSTALLMENT ON MAY 15

- Installment plans are available for all.

Program Dates & Times

Monday, June 15 - Friday, July 17, 2020.

- No School Friday July 3 Independence Day (observed).
- All Full Year 10-Unit Classes that meet 5hrs/day
 - All 5-Unit Classes that meet 2.5hrs/day
 - All Full Year Recovery Classes (In Class & APEX)
 - 5-Unit APEX Recovery classes (more time option)

Monday, June 15 - Tuesday, June 30, 2020

- Driver's Education (DMV 30-Classroom hours)
- 5-Unit Classes that meet 5hrs/day
- 5-Unit APEX Recovery classes that meet 5hrs/day
- Recovery Semester 1 (In Class)

Wednesday, July 1 - Friday, July 17, 2020

- No School Friday July 3 Independence Day (observed).
- 5-Unit Advanced Credit Classes, if available.
 - Recovery Semester 2 (In Class)
 - A second 5-Unit APEX Recovery Classes with advance registration or Principal's approval.

Daily Schedule:

Period 1 (2.5hrs)	8:00 – 10:30 AM
Brunch/Cafeteria Break	
NON-SPUSD students can download a PIN form @SPEF4kids.org	10:30 AM 10:45 AM
Period 2 (2.5hrs)	10:50 – 1:20 PM

Students may not remain on campus if they do not have class.

Registration Tips:

Returning Families: Log back in to your SPEF account, update your student's grade, Household and Medical information, and register your student in classes. Contact the SPEF office well in advance of registration if you cannot log back in to your account. You reset your own password.

New Families:

- Use the '**New user sign-up**' option.
- Add Household Information.
- Save your Changes, then you are ready to go when registration opens.

Incoming SPHS 9th Graders

For Current 8th Grade students at SPMS entering SPHS in Fall 2020, we encourage you to review content from the 8th Grade Parent Night before registering in SPEF Summer High School courses. Counselors and Principals will talk about Courses, Math Progressions and Pathways.

- Part I on February 5
- Part II on February 25

For More Information & FAQs

For more information, go to www.SPEF4kids.org.

Change Policy

- **Change Requests** can be made until the start of Summer School, if there is space in a class.
- A change fee of \$25 and any difference in tuition must be paid at the time of the change request.
- Submit a **Change Request Form** to the site office.

Refund Policy

- A refund of all payments minus \$75 per class will be given until **May 8th**.
- No Refunds will be given after May 8th.
- This means there are no refunds if your student doesn't finish a class within the allotted Summer timeframe, or for Withdrawal, or for electing to Withhold Transfer of a Grade.

Withdrawal Policy

- Once Summer School starts, to officially drop your student so there is no academic consequence or record of a course being attempted on your student's transcript, complete a **Withdrawal Form** and submit it to the site office.
- Reasons for student Withdrawal may include:
 - A student decided not to start a class.
 - A student decided not to continue a class.
 - A student has breached the attendance policy.
 - A student is struggling with the pace of Summer and will complete their class during the regular year.
- Withdrawal forms will be accepted until **June 29 for classes that end on June 30**.
- Withdrawal forms will be accepted until **July 16 for classes that end July 17**.
- Withdrawal Forms are available at the site office.
- Failure to follow this procedure may result in a failing grade on your student's transcript.
- **This action is final.**

Withhold Transfer of Grade

- SPEF Summer High School provides the SPHS Registrar with transcripts 2 weeks after the end of Summer School.
- Students may elect to withhold the transfer of grades to their SPHS transcript by submitting a **Request to Withhold Transfer of Grade** form to the site office.
- A Request to Withhold a Grade from the SPHS transcript must be received by **July 24th** (within 7 days of completion of Summer school).
- No record of attempting the class will show on your SPHS transcript. The class will not be considered complete & no credit will be given.
- **This action is final.**

Credit Recovery Classes

For students who do not want to take Credit Recovery courses during the school year, SPEF Summer High School offers Credit Recovery classes to regular SPHS students at \$180/semester. Please select the SPHS option when registering. Here is more information:

- Credit/College Recovery Classes are for students who earned a "D" or "F" grade. "D" grades are adequate for High School graduation but are not recognized by colleges. Students who earned a "D" grade during the school year receive no units upon passing a Recovery class, but can show an improved grade on their transcript. Students who received an "F" grade receive 5 units per semester upon passing.
- Some classes may be offered as online APEX curriculum. Attendance at Summer School is required to access online curriculum. Please read the section on APEX Curriculum Recovery Classes for more information.
- For Non-SPHS out of district students, the cost is \$280/semester. Please select the Non-SPHS option.

APEX Curriculum Credit Recovery

If there is an in-class option, students cannot take the course through APEX. Classes may be offered online through the APEX program if there is not enough enrollment to run in-class instruction.

The APEX online class has the same rigorous curriculum as the regular class:

- Students must attend class daily as well as complete additional work at home in order to complete the course.
- The Attendance Policy applies until a class is completed. If you complete the course ahead of the end date, you don't need to keep attending Summer School.
- The system logs each student's daily activity, including the amount of time spent on the program. Student progress reports are emailed to parents each Sunday.
- Students can work at their own pace on coursework, however there is a minimum pace that is required to complete the class within Summer school.
- Each student is expected to start their class on June 15, unless registered for another SPEF class.
- There are no refunds if your student doesn't finish the class within the allotted Summer timeframe.
- **If your student needs to recover two semesters in Summer, your student will need to be on track to complete their first semester by June 30, before they will be permitted to start their second semester.**

Taking recovery classes during summer school is not required. Contact your student's counselor to discuss programming options.

Advanced Credit Class Options

June 15 – July 17 (24 days) 8:00 – 1:20 PM (5hrs/day 10-units)		
All Grades	Chemistry – Honors \$540	
	Printmaking with Graphic Design \$540

12 th	Economics \$280	US Government \$280
June 15 – June 30 (12 days) 8:00 – 10:30 AM P1 (2.5hrs/day)		
All Grades	Driver's Education \$150 (DMV #387 Certificate of 30 Classroom hours)	
June 15 – June 30 (12 days) 8:00 – 1:20 PM (5hrs/day)		
All Grades	Health \$280	
July 1 – July 17 (12 days) 8:00 – 1:20 PM (5hrs/day)		
All Grades	Health \$280	
Internship Program – Refer to Class Description for details		
All Grades	Internship \$225 (Second Internship \$100)	

Please note, SPEF Summer High School is not able to offer P.E. in 2020, but expect the class to return for Summer 2021.

Credit Recovery Class Options

RECOVERY (IN CLASS)	
June 15 – June 30 8:00 – 1:20 PM (5hrs/day)	July 1 – July 17 (No 7/3) 8:00 – 1:20 PM (5hrs/day)
English ELA 9 – Semester 1	English ELA 9 – Semester 2
Math I – Semester 1	Math I – Semester 2
Math II – Semester 1	Math II – Semester 2
Math III – Semester 1	Math III – Semester 2
Biology – Semester 1	Biology – Semester 2
Chemistry Hon. – Semester 1	Chemistry Hon. – Semester 2
RECOVERY BY APEX (ONLINE)	
All APEX classes start June 15, unless your student is otherwise advised. Students must attend school to access APEX Curriculum & follow the Attendance Policy until they finish their class.	
The following Recovery classes will be by APEX Curriculum, unless there are enough students for a class, or space in an existing class:	
<ul style="list-style-type: none"> ▪ English 10th, 10th Honors 11th, 11th Honors ▪ Math Analysis & Upper Level Math ▪ World, US, Honors History ▪ Spanish 	
Options to Recover a 5-unit class:	
P1 8:00 – 10:30 AM, June 15 – July 17 (2.5hrs/day for 24 days)	
P2 10:50 – 1:20 PM, June 15 – July 17 (2.5hrs/day for 24 days)	
Full Day 8:00 – 1:20 PM, June 15 – June 30 (5hrs/day for 12 days)	

Attendance Policy & Absence Reporting

Attendance rules are not flexible and must be adhered to. In order to satisfy class requirements, students must be present and on time each day:

- Attendance will be taken at the start of each Period.
- Missing 1 period is 1 absence.
- Missing 1 Full Day is 2 absences.
- 3 tardies are equivalent to 1 absence.
- Students who acquire more than 3 absences (either 3 absences plus 1 tardy or 4 absences) in a class will be dropped with a failing grade.
- No absence will be permitted the last day of your class. Finals will not be adjusted.
- Illness and medical appointments are absences.
- Assigning make-up work for illness will be at the discretion of the teacher and the administration.
- To drop your student, refer to the **Withdrawal Policy**.

Absences should be reported to the school site on the site attendance line (626) 441-5820 ext. 2909.

Class Descriptions

BIOLOGY 1/2

Some of the major themes in biology are science as an investigation and inquiry, historical changes of organisms, genetic continuity, regulation and homeostasis, and biological basis of behavior. Several of the topics studied, such as photosynthesis and genetics, will be closely related to basic chemical processes. Recommended Preparation: An "A" or "B" in Math. If "C" grade is earned, Skills Mastery must be shown. This course satisfies graduation requirements as a life science course. This course meets the UC/CSU "D" – Laboratory Science requirement. Since this is an accelerated course, there is a pre-requisite "B" grade or better for the most recent science and math courses completed by the student.

\$540

UC/CSU "D" Lab Science

10th-12th

P1 - 2

10 Units

CHEMISTRY - HONORS

This course explores the foundations of chemistry and covers the same content as Chemistry 1/2 at a deeper level. This class covers the content from a first-year high school chemistry class that students are expected to master before starting AP Chemistry. Students create molecular and computational models through classroom and laboratory activities to describe macroscopic phenomena. Topics include: atomic structure, bonding, states of matter, solutions, chemical reactions, kinetics, and equilibrium. Students are expected to have strong math (algebra) and problem solving skills and have successfully completed lab science classes. Since this is an accelerated course, there is a pre-requisite "B" grade or better for the most recent science and math courses completed by the student.

\$540

Chemistry Credit

9th-12th

P1 - 2

10 Units

DRIVER'S EDUCATION

This class is offered in a twelve-day session with the CA State standard of an online certification program. It is designed to develop knowledge of the provisions of the CA Vehicle Code and other laws relating to the operation of motor vehicles and personal responsibility in traffic. This course will acquaint students with driving techniques and strategies that prepare them to become safe, responsible drivers, including knowledge of the dangers involved in consuming alcohol or drugs in connection with the operation of a motor vehicle. Students can take a practice exam in class. This course meets the requirement of the Department of Motor Vehicles of 30 hours of online instruction. Upon completion of this course, the student will receive DMV form #387 (Certificate of Completion of Classroom Driver Education - valid for one year from date of issuance) to allow them to take the DMV written exam to obtain a learner's permit. If a student reaches the minimum age of 15.5 while the certificate is still valid, they may use the certificate to apply for a learner's permit. Students who pass this course may be able to secure a driver's license prior to their 18th birthday. Classes will run June 15 – July 30. Students will need to attend class until 30 hours are completed and final test passed.

\$150

SPHS Elective Credit/DMV Cert.

2.5 Units

ECONOMICS

Economics is the study of our efforts to satisfy unlimited wants with limited resources. Students learn about supply and demand, economic systems, the free enterprise systems, competition, income and spending, the gross national product, money, banking and the Federal Reserve System, as well as other concepts in economics. This course satisfies one semester of the senior Social Studies requirement for high school graduation. UC/CSU Approved for "G" College Prep Elective.

\$280

UC/CSU "G" Coll. Prep Elective

12th

P1

5 Units

HEALTH

This required, one-semester course meets the state requirement in health and the high school graduation requirement for Health Education. Instruction is given in drug abuse, the dangers of alcohol and tobacco, and first aid. Infectious and chronic diseases, their causes, prevention and possible cures, are also studied. We offer multiple sections of Health with identical curriculum. If your student would like to complete CPR/First Aid certificate training during this class, please select and pay for this option when registering.

INTERNSHIP SUMMER PROGRAM

Prerequisites: Students must have completed two workshops covering job skills and cover letters, resumes and interview skills, and have applied, interviewed for, and accepted an internship. The course will allow students to complete their 60 hours of work at one of the participating businesses or organizations offering internships. Offering hands-on experience, including a competitive job placement process, internships with local businesses offer opportunities to practice critical thinking, communication and problem-solving skills. Due to the offsite component of this class, prospective students must be responsible, reliable, and have an excellent attendance record with no disciplinary history. Upon satisfactory completion of the internship, students will earn five hours of practical arts elective credit towards high school graduation. This course may be repeated for additional credit. For more information, email Andrea Fox, Career Internship Specialist, at afox@spusd.net. This class meets outside the typical SPEF Summer School schedule. You will be contacted with more information once you register.

\$225	SPHS Practical Arts Elective Credit	9th-12th	N/A	5 Units
--------------	--	---------------------------------------	------------	----------------

MODERN WORLD HISTORY 1/2

This course is a study of the major events of the world in the 20th century. Various concepts such as imperialism, the industrial revolution and nationalism are examined in a contemporary context. Students need to be English-proficient in order to keep up with the accelerated pace of this course. This course satisfies one year of the sophomore Social Studies requirement for high school graduation. UC/CSU Approved for "A" History/Social Science.

\$540	UC/CSU "A" History/Social Sci.	10th-12th	P1 - 2	10 Units
--------------	---------------------------------------	--	---------------	-----------------

PREP. FOR BIOLOGY

This course investigates and analyzes various phenomenon in Biology and Earth/Environmental Science. Students use laboratory experiments, library research, and workbook activities to study the major units. Incoming 9th graders new to high school level science would benefit from taking this course over summer in preparation for registering in Biology in the Fall. Earn elective credit towards high school graduation. Pass/Fail grading will apply.

\$280	SPHS Elective Credit	9th-12th	P1	5 Units
--------------	-----------------------------	---------------------------------------	-----------	----------------

PREP. for MATH I or MATH I+

This class is prep. for the first course in the high school mathematics sequence. Students will review and build on key middle school content such as linear, quadratic, and exponential equations and inequalities. Students will preview functions and descriptive statistics and how to use their learning to model mathematics in the world around them. This is ideal for the student who will be enrolled in Math I or Math I+ (+ means accelerated) in the Fall. Earn elective credit towards SPHS graduation. Pass/Fail grading will apply.

--------------	-----------------------------	---------------------------------------	-----------	----------------

PRINTMAKING

Back again this Summer, Printmaking with Graphic Design! Have you ever wanted to design and create your own brand? In this course, students will experience the product development cycle from concept to finished project. Students will learn the creative process to develop logos, explore typography and apply their ideas to screen print and dye sublimation materials. Students will learn and use Adobe Illustrator to develop their designs. Students will be able to complete one t-shirt, one mug and one tile in class. Students can complete additional projects for an additional materials fee.

\$540	UC/CSU "F" VPA	9th-12th	P1 - 2	10 Units
--------------	-----------------------	---------------------------------------	---------------	-----------------

PSYCHOLOGY

This course is designed to give students an overview of fundamental personality theory as it relates to them in today's environment. This course also includes an in-depth look at values clarification concepts, the concepts of environment vs. heredity, and the study of several theories in the domain of emotions and stress. This course meets the CSU/UC A-G requirements as an elective.

\$280	UC/CSU A-G Elective Credit	9th-12th	P1	5 Units

SAT TEST PREP. - MATHEMATICS

Take this class and prepare for the SAT Math test! Students will learn key academic concepts, time-management skills and SAT test-taking strategies. Students will do problems in class, and instructors will give appropriate in-class assessments and homework assignments, and review frequently missed questions. FLEX instructors are experts and top scorers in the subject areas that they teach and students taking FLEX test prep have averaged a 250-point increase in their total combined scores. Instructors and curriculum writers routinely sit in for standardized exams, continually updating and refining strategies based on real-time information from the test-makers. When available, real exams from prior years are used. Students will take diagnostic tests to measure progress and evaluate readiness. For more information on FLEX College Prep, go to <https://www.flexcollegeprep.com/>. Maximum class size will be 20 students.
