5 Best Practices to Follow While Registering Online

No need to call the SPEF office. The 'throttle message' will disappear when it is your time to log in.

1 Optimized for Laptop and Desktop use

2 Only ONE parent from the household can be logged in at a time

3 Only use ONE browser/tab
Use the most up to date browser version

4 Some networks (often schools, government offices, or workplaces) may block credit card payment fields. We recommend using a home or cellular data network connection when possible.
